

3. Build a flock of sheep!

You will need the templates, scissor, some stiff paper or card, matchsticks or broken lolly sticks. Some cotton wool balls are optional!

Print and cut out, fold in half, add the sticks with a bit of glue or tape and then stick on cotton wool to give your sheep a fluffy look.

If you build a flock, or just a few, and set up an interesting scene with your sheep in it, please send us a photo, video, GIF....
